SOMETHING

Travel HOPE

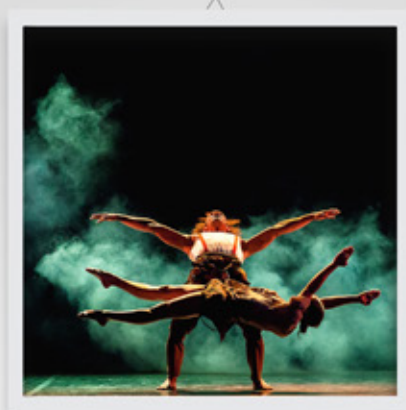

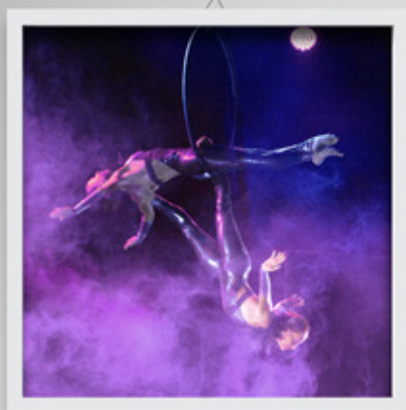

Dream

Liberi di... presents its latest creation, what is it?
It's Something!
When hurdles try to stop us, when problems appear to be unsolvable, we seek something to carry on. This is the search of a new hope, the endeavor to overcome a difficult moment. This is Liberi di...’s answer to the crisis. It’s when we fall to the ground, that we discover just how strong we really are. This is the spirit that drove Liberi di... to create this show:

“SOMETHING” is a good reason to get up and a good reason to laugh every day.

It will take you to a journey through different tableaux, that will make you dream, that will leave you breathless, and above all that will make you laugh! From everyday situations to dreamy atmospheres, "Something" is the backstage of a **CRAZY DREAM**.
